3/25/2

What you think you know:

Something to do with math, maybe. I have heard the word but not sure what it means.

My Explanation:

A point where two lines meet.

Examples:

lines
together
math term
point
crossing
cross road or 4 way road

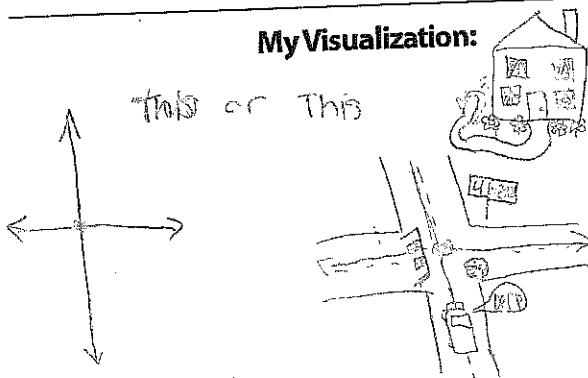

Related Words:

connected
crossed
two lines
intersected
together
intwined

My Connection: My connection to Vertex is that when I see a four way road, it looks like a vertex because two lines are crossing together.

My Sentence: You can think of vertex as a four way road because 2 point meet together

My Visualization:

or
rhet.
